

## FIND THE CURRENT GAM RATINGS FOR A GOLF COURSE

Every year GAM publishes a Course Directory in the Michigan Links. This is a great tool for getting information of the courses you plan to play, and it is easy to carry and reference. But when you need to most current information, the better source is the GAM web site. About 70 courses are rated/rerated every year. The ratings for these course will change during the year. To have a legitimate rating courses are required to be rerated every 10 years. Every year a few course fail to get the required rerate, making ratings on their scorecard and possibly in the Course Directory, obsolete. For these reasons, the best place to get ratings, is the GAM web site. Just follow the following steps.

1. Navigate to [www.gam.org](http://www.gam.org)
2. Click on Courses below the GAM logo.

- a. Click on Alphabetical Listing or Find Course by Name or City.
- b. Type in club name and/or city and then press Search. The fewer letters you use the better. One incorrect or misplaced letter will return incorrect search results.
